2012 LATE HARVEST PINOT BLANC SANTA MARIA VALLEY

"Giving up lots of botrytis in its sugared pineapple, peach, honey and sugary aromas and flavors, the 2012 Late Harvest Pinot Blanc is medium to full-bodied, clean, surprisingly fresh and lively on the palate, with good acidity and nice balance between the sugar and acidity. Drink it over the coming 3-4 years while the purity and freshness are still here, although it will certainly evolve for longer." – Jeb Dunnuck
